THE GREATEST
MIGRATION

of Web2 to Web3 has arrived!

The largest Web3 problems

1. Slow or no user adoption

2. Difficult learning curve and user experience

3. Not every project needs decentralization – Web 2.5

GenZ: Top 5 Needs and wants

1. Participate in purpose-driven inclusive economy

2. Don't want centralized entity to have control of their data

3. Get rewarded for sharing their data and participation

4. Want to work as freelancers than full-time employees

5. Gamification and rewards for achievements and milestones are part of their lives

We've got the solution

Next-gen platform powered by AI and Blockchain

Purpose-driven, growth-focused, inclusive economy
Plug-n-play model for businesses

Platform is gamified and incentivized

"Time is the ultimate currency"

Blockchain: Token and NFTs

- Earn token rewards for contributions and participation

- Spend token on premium membership, learning, training, jobs, career growth, and mentorships

- Avatar and badges for recognition

- NFTs for skills, certifications, events, conferences

- Membership NFTs for locking values

- Code as NFT

- Gamification - Achievements, gems, weapons, leaderboard

- Bounties, sponsored content and conferences

AI use cases

- AI is the foundation of the Sharp Platform and Sharp Token

- Generative AI to create content, images, videos

- Quality of the code and content

- Recommendation engine

- AI mentor, trainer, and advisor

- AI-driven career growth path

- Productivity tools

Tokenomics

The total number of tokens will not exceed 100,000,000,0000 (100 billion) that will be released over time. The community rewards pool is the largest pool of tokens, contributors, and builders

34.0%	Community Rewards		10.0%	Presale (If fully sold)
18.0%	Founders and Team		7.5%	Marketing
11.5%	Treasury		5.0%	Public Sale
10.0%	Partners		4.0%	Board/Advisors

The Roadmap

Oct 2023
Private token sale

Dec 2023
Exclusive Limited NFT Collection

Feb 2024
Avatar (Selected) Collection

May 2024
Community Badges, Custom Profiles

Nov 2024
NFTs for Certifications, Skill Challenges, Resume

May 2025
Job Board and Biz Membership

Nov 2023
Private Wallet launch. Admin Dashboard.

Jan 2024
Public Sharp Token Launch

Mar 2024
Token Rewards for Community, Learn Academy POC

Aug 2024
NFTs for Membership, Events, Conferences

Feb 2025
Learn Academy for 500 Universities and Colleges

Aug 2025
Freelance Portal

Token Growth Plan

- Starting with existing 30 million users. All software developers. Majority of them are invested in Crypto.

- Coding Challenges – Local, regional, country, and globe

- College Ambassador program

- Partnership with existing business to use the platform

- Token lockup with benefits for long term holders including voting.
- Gamified and incentives for top holders.
- Token buy backs and token burning events

- Tokens are released over a period depending on the user adoption

- More than 50% tokens are allocated for the community, marketing, and partnerships

Our users vs crypto holders

Age Group	Crypto Holders	Our Users
16 - 24	23%	32%
25 - 34	28%	34%
35 - 44	22%	19%
45 - 54	15%	9%
55 - 64	9%	4%
65+	3%	2%
	100%	100%
